

REMARKS/ARGUMENTS

The first paragraph of the specification, at Page 1, has been replaced with a paragraph entitled "Cross-Reference to Related Application" to show full details of continuity. The Applicant submits that this amendment introduces no new matter.

Claims 1-6 were originally filed in this application. In this response, claims 1, 2, 4, 5 and 6 have been deleted. Claim 3 has been amended. Consequently, claims 1-3 remains under consideration. Support for the amendments to claim 3 can be found at original claim 1 and 3. Therefore, no new matter has been added. Amendment of a claim is not to be construed as a dedication to the public of any subject matter.

Claim 3 has been amended so as to be re-written in independent form including all the limitations of the base claims. Accordingly, we understand claim 3 as amended represents allowable subject matter and favourable reconsideration of this application is requested.

Applicant has fully responded to each matter of substance raised in the Office Action and believes that the case is in condition for allowance. Withdrawal of the rejections and allowance of the application is therefore courteously solicited. Should the Examiner have any requests, questions or suggestions, the Examiner is invited to contact Applicant's attorney at the number listed below.

Very respectfully,

Applicant:
